

BOOTLEGERS' ROUND-UP TO FOLLOW DISCLOSURE OF POISONED LIQUOR

Biggest Movement of the Kind Ever Held in the United States Is Impending as the Result of Wave of Deaths and Blindness Resulting from Sale.

THREE BIG ARRESTS MADE IN NEW YORK

In Chicopee and Nearby Places in New England, the Deaths to Date Total 57—Fourteen Arrests Have Been Made in That City.

New York, Dec. 29.—One of the biggest roundups of bootleggers and manufacturers of illicit liquor ever made in this country is impending as a result of the wave of deaths and blindness which has followed the sale of poisoned liquor, Daniel L. Porter, supervising revenue agent for the New York district, announced today.

In addition to the three men already in custody here as a result of the sale and distribution of liquor believed to be responsible for three score deaths in New England and this city, Mr. Porter declared that 10 more persons would be arrested here during the day.

New York, Dec. 29.—Three men faced charges before a United States commissioner here today in connection with the distribution of wood alcohol as whiskey through five states in the last ten days, resulting in the deaths of scores and blindness of perhaps hundreds of others.

The men arrested last night and early today are: Adolph Panarelli, a Manhattan wine and liquor dealer; John Romanelli, a Brooklyn undertaker; and Samuel K. Salsbery, a Brooklyn druggist.

Romanelli, according to H. B. Dobbs, a federal agent in the "ging pie" in the wood alcohol traffic, Panarelli, according to the federal agents, confessed to his part in handling the beverage, said, when arrested:

"I am glad you got me. I will tell all I know, but for God's sake, don't send me to Connecticut. I don't want to be lynched. My name has been published in all the papers and it would mean certain death."

According to Dobbs, Panarelli in explanation, said that he had been approached by a man named Salsbery of Hartford, Conn., a friend of his, to obtain some Christmas "booze." Panarelli then got into communication with Romanelli, Dobbs said, and, finally sale was made by the druggist.

When interviewed by newspapermen at police headquarters, Panarelli said he believed that 20 barrels of the "whiskey" had been shipped to Hartford, each barrel containing between 40 and 50 gallons. The price paid was from \$1,000 to \$1,500 a barrel.

Two more cases of wood alcohol poisoning were reported today by the police. James Besman, 40 years old, was found unconscious on West Fourteenth street last night and taken to the hospital, where his condition was reported as serious. Sarah Hart, 32, a negro, also was taken to a hospital, but she will recover.

14 ARRESTS IN CONNECTICUT.

Growing Out of Police Activities in Fettering "Whiskey" Cases.

New Haven, Conn., Dec. 29.—Interest in the wood alcohol "whiskey" cases in this state centered today on police activities in connection with the sale of poisonous liquor. Fourteen persons are under arrest here, and the police are growing out of the distribution and sale of beverages said to contain wood alcohol.

Marshall A. T. Caron of Chicopee, Mass., was heretofore night with warrants charging murder against four of the men arrested yesterday. Chief of Police Smith told the Massachusetts officer that the men must remain in jail in New Haven until local steps were taken for their extradition to Massachusetts. This may meet obstacles as the police declare none of the men held here has been in the Bay state, although they are alleged to have shipped four barrels of liquor from New Haven to Chicopee.

Dominick Perrotti, one of the six held, is said by the police to have manufactured liquor in his still in Westville and sold it to Meriden saloonkeepers. The police are trying to connect the sale of this liquor with the death of Mrs. William G. Williams in Meriden yesterday.

Four men charged with murder and three charged with transporting poisonous liquor in motor trucks are held in Hartford and a saloonkeeper in Thompsonville is under arrest.

SEARCH AT CHICOPEE.

Is Revealing Many Other Cases of Alleged Violation.

Chicopee, Mass., Dec. 29.—Search was continued in this vicinity today for persons connected with the traffic in poisonous liquor which has resulted in the last few days in at least 57 deaths and many cases of serious illness here and in nearby places. The death toll at an early hour today was divided as follows: Chicopee 37, including two women; Holyoke 10; Springfield 4, including one woman; Hadley 3; Greenfield 1, and Thompsonville, Conn., 2. "FLU" IS AGAIN RAGING IN PARTS OF PAINE

Madrid, Dec. 28.—A large number of influenza cases have been reported today and yesterday and, according to generally expressed opinion, fatalities from influenza and typhus have reached a high figure.

Statistics, however, will not be available until the end of the month.

addition there have been a number of deaths in Hartford, Conn.

Fourteen arrests of those alleged to have handled the liquor which was found to contain wood alcohol base, have been made and others were expected. Most of the liquor, shipped from Hartford, Conn., to other Connecticut valley cities, has been accounted for, the authorities said, and they believed but few more cases of illness would be reported.

Investigations conducted by federal, state and local police have revealed many violations of the prohibition law, it was said, and arrests were expected on this score. Many illicit stills, "kitchen bars" and private stock from which sales had been made, were discovered, it was reported.

MANSLAUGHTER CHARGES

Will Be Brought Against Poisoned Drink Sellers in Chicago.

Chicago, Dec. 29.—The use of beverages composed partly of wood alcohol, which has killed ten persons in Chicago since Christmas, was the subject of a conference today between Maclay Hoyne, state's attorney, and Coroner Hoffman. Mr. Hoyne said charges of manslaughter would be pressed in all cases where evidence showed wood alcohol to have been sold to drink.

Charles Simski, west side saloonkeeper, who died last night, was the latest victim of the connection which the police say was manufactured in his house and also killed his wife and a guest. More than 100 barrels of so-called "wood alcohol" were found in the basement of the saloon and the police believe that a number of people who died within the last few days in the neighborhood, supposedly of heart disease, were in reality victims of wood alcohol poisoning from Simski's liquor.

LEAGUE OF NATIONS CALL TO BE MADE SOON

Three Is Some Doubt Whether President Wilson or Premier Clemenceau Will Issue the Call.

Paris, Dec. 29.—Informal notice of the first meeting of the council of the league of nations will probably be given on a day or two after the exchange of ratifications of the treaty of Versailles. Ambassador Wallace cabled the state department in Washington to this effect today morning's meeting of the supreme council, which had the question under consideration.

It is still an open question whether the formal call for the meeting will be issued by President Wilson, as originally provided for, or whether, in view of the fact that the United States has not ratified the treaty, the call shall be issued by Premier Clemenceau, the president of the peace conference. This question, as well as the place for the meeting of the members of the council will probably be decided tomorrow.

The date for the exchange of ratifications, on which the call for the meeting of the league of nations depends, is still an uncertain one, nothing having been decided by the council in its session today. The council is expected to meet tomorrow, but the date is still uncertain.

According to the terms of the peace treaty, Germany was to furnish by Dec. 31 a statement regarding a number of different questions dealt with by the treaty. As the exchange of ratifications is not yet definitely in sight, however, the council today considered the possibility of extending the time for this statement.

The conditions under which Germany is to turn over the light cruisers demanded as part of the reparation for the destruction of the Scapa Flow fleet also was discussed by the council. It was decided during the session to send congratulations to General Niessel, holding the mission of the Baltic, on the manner in which his task in connection with the evacuation of the Baltic provinces by the German troops had been carried out.

FORMAL PEACE OFFER TO POLAND BY SOVIETS

Denial Made That Bolsheviks Are Preparing New Offensive Against Poland with Aid of Chinese Forces.

Copenhagen, Dec. 29.—The soviet government at Moscow has sent a formal peace offer to the Polish government by wireless. The message denies that the bolsheviks are preparing a great offensive against Poland with the aid of Chinese forces.

A soviet wireless message picked up in London on Dec. 26 contained an offer from M. Tichitchev, the bolshevik foreign minister, to open peace negotiations with Poland immediately. The Polish government was requested to name the time and place for the negotiations to begin.

Geneva advisers under date of Dec. 22 said that Leon Trotsky, the soviet minister of war, was making preparations for a great offensive against Poland next spring. Chinese troops, recruited at the rate of 8,000 a day and trained in the soviet military school, would aid the bolsheviks in the campaign, the advisers declared.

COAL INQUIRY IS UNDER WAY

Members of Wilson's Commission Conferred With Sec. Tumulty

AND LAID PLANS FOR INVESTIGATION

Operators Are Expected to Lend Their Co-operation to the Plans

Washington, D. C., Dec. 29.—Members of the commission named by President Wilson under the coal strike settlement agreement to investigate wages and prices in the bituminous coal industry conferred with Secretary Tumulty today at the White House. The commission is expected to formulate a program for its work at meetings during the day.

Members of the executive committee of the Bituminous Coal Operators' association also were in the city today and it was expected that the operators finally would offer assistance to the commission, in spite of objections that have been made by the operators to the government's plan.

Under the strike settlement agreement with the miners, made by Attorney General Palmer with President Wilson's authorization, work has been resumed at the mines, a 14 per cent increase in wages has been given the miners, and government-fixed prices of coal of \$2.35 per ton mine run at the mines have been retained. The commission is empowered to grant further increases, if found necessary, and to introduce the price of coal if that is necessary, and has been requested to report a decision within 60 days.

The members of the commission are: Henry M. Robinson of Pasadena, Cal., chairman Rembrandt Peale, representing the operators, and John P. White, representing the miners.

Secretary of Labor Wilson later joined the conference. John Keegan, chief of the department of labor, who took part in the settlement with the miners, accompanied Mr. Wilson to the White House.

ITALY BLUNDERED IN FIUME MATTER

General Robilant Declared in the Italian Senate—Was Unsparring in His Criticism.

Rome, Sunday, Dec. 28.—Italy's handling of the Fiume situation has, from the first, been a succession of blunders, said General Robilant, speaking in the Senate this afternoon. General Robilant, who was commander of the 4th army during the war, Italian representative on the inter-allied military commission at Versailles, and a member of the commission which conducted an inquiry into disorders at Fiume last July, was unsparring in his criticism and closed by declaring: "Discontent is creeping into the army because of injustices which have been committed, but I trust Italy will triumph over all present difficulties."

"Anglo-American commerce," he declared, "needed Fiume as a port of penetration into central Europe, preferring to have it in the hands of a small country rather than under the control of a great power. This plan was backed by the peace conference, which was favorable to the Slav peoples, wishing them to form a barrier against a resurction of Germany. Anglo-American capitalists selected these ports for this purpose. Fiume, Dalmatia and Croatia assigned the first to Jugoslavia, the second to Poland and the last to Turkey. The last named country is under control of the league of nations and all know the league of nations is in the hands of Anglo-Saxons."

Prior to the London conference, he continued, "but Italy could not renounce it because that would have meant abandonment of the only weapon she possessed. Captain Gabriele D'Annunzio's expedition into Fiume," the general went on, "prevented the execution of the commission's proposals, which was a pity because if the election of the new national council there had occurred under the auspices of the inter-allied commission, instead of those of Captain D'Annunzio, it would have assumed greater importance as having virtually international sanction. I believe in allied police would have remained there only temporarily."

General Robilant, who was in command of troops on the armistice line when the D'Annunzio coup took place, was about to suppress the movement when he was called to Rome.

"I believe in irresponsible persons in governmental action regarding the army is a grave danger," said the general in discussing militarism. "Germany has shown us to what a catastrophe this may lead."

General Abriotti, minister of war, spoke after General Robilant and completed his address, saying that he himself was "always responsible for everything regarding the army."

MODIFICATION MAY END FIGHT

Committee Reservations on Treaty Are Being Experimented On

MILD RESERVATION SENATOR INVOLVED

One Proposed Change Is on Acquiescence by the Allies

Washington, D. C., Dec. 29.—Republican and Democratic senators conferred for a peace treaty compromise centered their attention today on a plan said to have been accepted by the mild reservation Republicans and by a number of Democrats for ratification with three modifications in the 14 reservations approved by the Senate majority at the last session.

The three changes, which some senators believe would make the reservations acceptable to two-thirds, deal with the preamble declaration that the qualifications must be acquiesced in by the other powers, with article 10 and with Shantung. The mild group believe that Senator Lodge, the Republican leader, will be willing to make these changes and that Senator Hitchcock, leader of the Democrats, also will be satisfied with them. It was said, however, that neither of the party leaders in the Senate had yet expressed a final opinion.

Under the new preamble suggested, the Senate reservations would be regarded as accepted by the other parties to the treaty unless specific objection were made within a limited time. The wording of the article 10 reservation would be changed so as to eliminate the language which President Wilson said he would regard as a rejection of the treaty and to substitute an affirmative declaration that the article's obligations are accepted with the understanding that future Congresses shall be at liberty to decide questions of peace and war. Language which some senators have regarded as offensive to other powers would be modified in the Shantung reservation.

Although compromise talk of this and other modification plans continues among the senators remaining here, there are so many absent that no concrete action is expected until the Senate reassembles next Monday.

MISS KEENEY GIVES UP DR. VERMYLIE

After Failure to Get Interview with Her Expected Husband and After Learning That He Already Has a Wife.

Monson, Mass., Dec. 29.—Miss Ruth M. Keene, the Bucknell university professor of Spanish, who was left waiting at the church here Christmas day when Dr. William Grey Vermilye of New York failed to appear for their announced wedding, said today she had closed the affair. Miss Keene, with her father, George L. Keene, returned to their home after an unsuccessful attempt to interview Dr. Vermilye at the New York hospital, to which he went for treatment on the day he was expected to be married.

They said they were still unable to explain Dr. Vermilye's failure to appear for the ceremony, or his statement that he first learned of the plans from someone else. But with reports that Dr. Vermilye's second wife is alive and he is still married to her, Mr. Keene said he and his daughter felt they were "well rid of the whole matter, and very thankful that it went no farther."

In connection with the physician's statement, Miss Keene said her daughter had an engagement ring given her by Dr. Vermilye and that the doctor had asked him for her hand in marriage during a visit here in September. Miss Keene showed a newspaper man the ring which she said was given her by Dr. Vermilye. He assured her, she said, that he was free to marry.

UNIONS ARE PLANNING THEIR OPPOSITION

To the Anti-Strike Feature of the Railroad Bill to Be Agreed on in Congress.

Washington, D. C., Dec. 29.—The joint congressional conference committee today discussed points of difference between the Cummins and Esch railroad reorganization bills in an effort to conciliate minor disagreements preparatory to consideration of the all-important anti-strike provisions of the Cummins measure. At the same time railroad union officials were assembling to attend a conference called by Samuel Gompers to formulate a definite policy regarding the offensive labor clauses of the Senate bill.

Prior to the union conference officials of several unions affiliated with the four railroad brotherhoods indicated their conviction that the conference would adopt a declaration of principles similar to that of the railway machinists' union, which voted to strike if the Senate bill should become law.

British and French Governments Are Said to Have Come to That Agreement.

150 CASES OF WHISKEY IN HAY

Largest Seizure of Liquor Ever Made on Maine Border

CONSIGNMENT FROM NEW BRUNSWICK

And Was Shipped to a Man at Herlon Center, Near Bangor

Vanceboro, Me., Dec. 29.—Seizure of 150 cases of whiskey concealed in a carload of hay in an alleged attempt to smuggle it across the border here from New Brunswick was made last night by a United States customs officer.

The hay, which was shipped from St. Leonards, N. B., was consigned to a man at Herlon Center, near Bangor. The whiskey was forwarded to the collector of customs at Portland today.

This is said to be the largest seizure of liquor ever made on the Maine border and follows the seizure on Friday night at Van Buren of 28 cases of alcohol hidden in a carload of mill waste being shipped to South Brewer, also near Bangor.

SENSATIONAL STORY LINKS WOMAN IN CASE

Authorities Are Investigating New Clew in Connection with the Slaying of Stanley Brown.

St. Cloud, Minn., Dec. 29.—Macon county authorities were today investigating a new phase of the mystery surrounding the slaying of Stanley Brown, son of a Detroit manufacturer, whose body was found in his automobile on the road from Detroit last Wednesday morning.

Miss Gladys Summit, who came here last night from Battle Creek, gave the officers a story involving a young woman who, until last Saturday, lived in Battle Creek, and who, Miss Summit declared, had been much in Brown's company just prior to his death.

The girl, whose name Miss Summit gave to the authorities, left Battle Creek for St. Cloud early last week, the statement says, after borrowing a uniform from a soldier stationed at Camp Custer. She returned to Battle Creek Wednesday afternoon, Miss Summit declared, with a large sum of money and attired in new and expensive clothing.
